Product Range

Windows and front doors in wood, aluminium-wood, aluminium, vinyl and PVC-aluminium.

With pride and attention to details, state-of-the-art equipment and components of leading German suppliers, with a reference for sustainable products, advanced technology and superior craftsmanship we manufacture our windows and doors according to clients requirements in respect of design and quality. Kneer-Südfenster is providing premium windows and doors exclusively manufactured in accordance with German DIN standards and strictest regulations of IFT (Institut für Fenstertechnik), and with continual technical assessment and supervision by RAL, an official and neutral test agency.

Wooden windows

Luxury with glamour

Wood has been fashionable for thousands of years. There may be modern material available with highly-specialized properties, yet wood is unsurpassed in its particular beauty and universality. It is – like no other material – full of spirit, life and dynamism.

- renewable raw material
- many different wood types
- natural comfortable feel with warm wood shades
- outstanding thermal insulating values
- design freedom: whether modern, classic or traditional, or use un monument conservation
